RE: REMEDIATION FOR THE SAN JACINTO RIVER WASTE PITS

Dear Mr. Miller,

It is with my deepest sincerity that I write to you to please make the residents of East Harris County more important than powerful corporations. Our health is at stake! Please make your decision soon and make the safest, quickest option for remediation. The temporary cap is insufficient and has had problems thus far, so please do not hesitate any longer. The permanent armored enclosure is supported by many scientists, including the Army Corps of Engineers, and I support it as well.
